

INUTEQ-PAC® 21 is a USDA certified bio-based product

### CYCLE STABILITY TESTING

INUTEQ-PAC® 21 had been tested in accordance with RAL defined specifications and achieved category "A" performance, reaching 10,000 (melt/solidify) cycles. For example purposes only, 10,000 cycles would represent approximately 30 years use if the PCM undergoes one melt/freeze cycle per 24 hour period, demonstrating long term stability.
